

Weather is what we observe outdoors. Some days are hot, while some days are cold. On some days it is dry and windy, while on some days it is rainy. Weather can change a lot within a short time.

A Hot Day

Some days of the year are very hot. The sun shines brightly. Everybody likes to sit under a fan or cooler and wear cotton clothes. They keep us cool. We like to have cold drinks on hot days.

A Cold Day

Some days of the year are very cold. It shows at some places when it is very cold. We wear woollen clothes on cold days. We like to sit near the fire to keep warm. We like to have hot drinks.

A Windy Day

The wind blows very fast on some days. A strong wind can blow away things to far-off places.

A Rainy Day

On some days, it rains heavily. We use an umbrella and a raincoat on a rainy day.

SEASONS

Depending on the weather, we have five seasons :

Summer — Hot

Monsoon — Rainy

Autumn — trees shed their leaves

Winter — Cold

Spring — Pleasant weather, flowers bloom.
